These sessions provide specific support for students in preparation for controlled assessments or their terminal examinations; for some students they will use the time to complete coursework. This timetable is provisional and will change as teachers finalise their holiday plans and inform the school that they are able to do revision sessions.

**Priority:** Students must go to English, Maths or Science first before they can attend any other session on at the same time. After that priority then goes to whichever subjects students have the lowest predicted grade.

Red indicates that these sessions are <u>only</u> for students who have been told they must attend, they are on a register. Purple indicates that some students are on a register and must attend but others are also able to attend either on a first come first served basis or a sign-up sheet in the department. Green indicates that anyone is able to attend the session either on a first come first served basis or a sign-up sheet.
